

Logitech®

# PC Headset 960 USB

## Comfortable and lightweight with superior sound quality through USB connectivity

Enjoy superior digital audio quality in comfort. The Logitech® PC Headset 960 USB features a comfortable, adjustable and lightweight headband designed for comfort even when wearing it for prolonged periods. Convenient in-line controls allow easy adjustment of the volume and microphone mute; the LED indicator activates when mute is enabled. The noise-canceling microphone filters unwanted background noise, and can be adjusted to the optimal position for clearer conversations. The boom microphone rotates out of the way when not in use. Set-up is easy and fast; simply plug in the USB connector. Compatible with all major PC calling applications including Skype®, Windows Live™, Yahoo!® and AIM®. Ships in a business pack ideal for system builders, integrators and value-added resellers.

- Stylish, adjustable over-the-head design for a comfortable fit that won't slip off.
- Ultra-soft earpad, flexible and lightweight design ensures all-day comfort.
- USB cable for simple, plug-and-play connectivity.
- Adjustable boom microphone for precise positioning.
- In-line volume or mute controls for easy and precise control.
- Microphone mute indicator light tells you when mute is enabled.
- Advanced digital USB delivers superior stereo sound quality.
- Noise-canceling microphone filters background noise for clearer conversations.
- White-box business packaging is easy to ship, store and recycle.
- 3-Year warranty.
